FRAUDULENT SUNBELT REPRESENTATION

Be Aware

The Texas Association of Builders and Sunbelt Builders Show™ do not give away or sell our email contact lists nor give or sell your exhibitor contact information. Show Managers and Exhibitors from all industry events are bombarded with these incredibly disruptive emails and calls. We are as annoyed with these email headhunters and hotel room poachers as you are, and we share your concern.

Unfortunately, as with many large-scale events, it's not uncommon for scammers to find and exploit publicly available information. Please know that we've taken every precaution on our end to safeguard member data, and we do not sell or intentionally release our distribution lists. The meeting industry has worked tirelessly with the Federal Trade Commission and continues to do so.

That said, once information is posted publicly (like speaker lists, exhibitor rosters, or event pages), on the Sunbelt Builders Show™ website it can be scraped or misused by bad actors. We are actively reporting these phishing attempts and working with our IT team and external partners to take down fraudulent sites and block offending senders as quickly as possible.

In the meantime, we strongly recommend marking these messages as spam and avoid clicking any links. If there is a particularly concerning example, feel free to forward it to us so we can flag it with the proper authorities. If you'd like to forward any of these phishing emails, please email the Anti-Phishing Working Group at reportphishing@apwg.org

We truly appreciate your patience and understanding — and please know we're doing everything within our power to address this.
